

VINUM

Idyllically located over the margins of Douro, Vinum Restaurant & Wine Bar is one of the gastronomic references in Porto, with a proposal of excellence, focused on the product and the best traditional references in the North of Portugal.

GASTRONOMY

Vinum presents a gastronomic proposal of the finest quality, bringing to the table the best traditions of Douro, Trás-os-Montes, Minho and the Atlantic Ocean that bathes Portugal: Alheira de Mirandela IGP, fresh fish from Matosinhos Market and the exclusive Vaca velha from Trás-os-Montes are some of the classics available for tasting.

WINES

Besides a well-maintained cellar and a service of excellence around wine, Vinum is wine, and therefore the dishes of the restaurant were especially created to harmonize with the Ports and Douro DOC wines masterfully produced by the Symington family, as well as with the wines from their friends, Portuguese and from all around the world, with whom they share the passion for this noble product.
